

QT PRE-SATURATED POLYESTER WIPES 120GSM

Our **100% Polyester wipers** are laser cut to seal the edges, bonding the fibers to create a clean, non-shedding and non-abrasive product. QT 100% Polyester wipers are low in particles and extractable residue, making them the ideal choice for use as a general cleaning wiper or a sterile critical area wiper. **QT Polyester Pre-saturated** wipers are available in 70% IPA, 70% SDA, 0.52% & 5.25% Sodium Hypochlorite, 6% Hydrogen Peroxide and RTU Detergent.

Polyester Wipes 120gsm

This Light weight laser sealed edged Polyester wiper is a single knit 100% continuous-filament polyester. All four edges are laser cut and sealed to prevent particle and fibre release.

Features

- Laser sealed edge ensure ultra-low lint and particle level
- Good absorbency and wiping efficiency
- Resists abrasion under rigorous use
- Solvent safe, double bagged and cleanroom packed

Applications

- Recommended for use in Class 100 – 1,000 cleanroom environments
- Cleaning of surfaces to control submicron particles, fibres, and chemical residue
