

Data Sheet

QT 360 CIP

Non-Foaming Alkaline Cleaner

QT 360 Non-Foaming Alkaline Cleaner is a non-foaming alkaline liquid cleaner, formulated to take on the rigorous cleaning demands presented in the pharmaceutical, life science and biotech industries.

QT 360 was designed for use in Clean-In-Place systems, pressure washers and automatic washing equipment at operating temperatures of 50°C to 80°C. QT 360 is effective in removing a wide variety of contaminants from stainless steel, glass, plastic and other hard surfaces. QT 360 is hard water tolerant and clean-rinsing leaving surfaces and equipment residue free making it a superior cleaner for critical cleaning applications.

Benefits

- Non-foaming
- Free-rinsing
- Residue free surfaces
- Biodegradable
- Halal Certified

Physical Properties

Foam Generation	None
Odor	None
Appearance	Clear
pH	>13
Hard Water Tolerance	High
Shelf Life	24 months

Direction for Use

QT 360 is a concentrated alkaline cleaner and must be diluted before use. The required concentration of QT 360 will vary according to internal protocols and the severity of cleaning task. Solution strengths between 2.5% and 10% v/v are the most commonly used. However; solution strength and temperature can be adjusted based on the soil load or contamination.

Recommended Dilution Guide

	QT 360	Water
Lightly soiled surface	250ml	10 Liter
General soiled surface	500ml	10 Liter
Heavily soiled surface	1000ml	10 Liter

Precautionary Statement

QT 360 is alkaline and therefore is a severe eye irritant and mild skin irritant. Refer to product label and SDS before use. Always wear eye protection, gloves, and appropriate protective clothing when handling. QT 360 should never be used to clean non-ferrous metals. QT 360 is extremely free-rinsing, making it a superior cleaner for critical cleaning applications.

Part No.	Description	Quantity	Dimension	Weight	Shelf Life
QT9750-128NS	Non-Foaming Alkaline Cleaner Screw Cap – 3.785L /1 gal	4 X 1 gal/ case	410mm (L) x 260mm (W) x 300mm (H)	16.26 kg	24 months
QT9750-20LNS	Non-Foaming Alkaline Cleaner – 20L/ 5.28 gal	1 x 20L/case	220mm (L) x 260mm (W) x 320mm (H)	20.3 kg	24 months
QT9750-208LNS	Non-Foaming Alkaline Cleaner – 208L/ 55 gal	1 x 208L/Drum	584mm (D) x 876mm (H)	203.3 kg	24 months
